Program Directors

Our Program Directors are skilled arts professionals with teaching expertise who love the unique atmosphere of sleep-over camp! They design a specialist arts program, and teach it at camp for 4 hours daily for the duration of one or more sessions. Programs culminate in short performances, exhibitions, readings and film viewings, depending on the art form. In addition, Program Directors teach elective workshops for 2 hours on occasional afternoons, and participate in the life of the camp.

What we look for - and what we have to offer!

Applicants must have a proven track record as an arts professional, as well as a love of teaching, and experience teaching youth. It is also important that you enjoy the atmosphere of overnight camp, since this is a unique live-in job! Applicants must be good role models - integrity, a nurturing, caring approach, and positivity are essential. We have a no smoking, no drinking policy at camp.

Basic but comfortable accommodation is provided in a staff house, either in private rooms, or large shared rooms. Meals are taken with campers in the dining hall, and we can cater to vegetarian needs. Our chefs are excellent! With all arts professionals living together in a large house, we offer a unique retreat-like setting in which creative artists can inspire one another, and share their skills.

In addition to the period stated for each contract applicants must be available for an on-site training period of Thurs. 30 June-Sat. 2 July.

Descriptions for all programs can be found at www.centauriartscamp.com
